Capabilities Statement

Family First NEMT specializes in ambulatory and wheelchair transportation for individuals. Family First NEMT provides round-trip services to and from medical treatments, appointments, procedures, pharmacy trips, etc. Our drivers are thoroughly trained and specialize in wheelchair securement and passenger safety.

Family First Non-Emergency Medical Transportation is a small, locally owned business in Hunt County, Texas. Family First provides wheelchair and ambulatory transportation to all ages. Our drivers undergo extensive training and specialize in wheelchair securement and passenger safety. All drivers go through extensive background screening and drug testing to ensure passenger safety.

Core Competencies

- Transportation
- Medical Transportation
- Wheelchair Transportation
- Ambulatory Transportation

Differentiators

Family First owners have medical backgrounds including nursing and physical therapy and have been in the healthcare industry for a combined total of 60+ years. We are a small family-owned business with a passion for safe and efficient transportation of all ages to ensure medical care is available to all.
